PLANT INFORMATION

PSA Ref #: 00322 **Model No:** R1700l

Plant Name: SUBARU R1700I SILENCED GENERATOR

Manufacturer: Crommelins Machinery WA

Manufacturer's Website: www.crommelins.com.au

Web Link for Plant: www.crommelins.com.au **Mandatory Personal Protective Equipment:**

Foot Protection

Protective Clothing

RISK ASSESSMENT INFORMATION

Operator Competency: Plant Licence Not Required

Potential Hazard(s) Risk Level Control Measure(s)

Exposure to ultraviolet radiation if working outdoors.

Medium

 Wear sunscreen, hat, long sleeves and long trousers.

Explosion or fire from fuel

vapours.

Medium

 Stop the engine before refuelling. Do not refuel while hot. Avoid spillage of fuel when refuelling. Ensure the fuel cap is properly secured after refuelling. Carry out visual checks for fuel leaks and repair before operation. Keep flammables away from the engine. Do not smoke while servicing or refuelling this machine. Use unleaded fuel only.

Inhaling exhaust or fuel fumes. Medium/Low

 Only operate in a well ventilated area. Do not operate in a confined space. Avoid breathing petrol fumes. Avoid skin contact with petrol.

Coming into contact with hot parts of the engine.

Medium/Low

 The muffler is fitted with a heat shield. Let the engine cool down before attempting any maintenance. Avoid contact with hot components.

Do not use on inclines of more than 20 degrees

Low

 Ensure the equipment is operated on a stable, level surface. If equipment is operated on a slope, engine seizure may occur due to improper lubrication, even with max. oil level and functioning oil protection system. Fuel spillage may also occur.

Risk of electric shock.	Low	• If the unit is fitted with an electric safety switch ensure testing of the safety switch is carried out before each use. Press the test button on the switch to check operation when running. Do not operate in contact with water. Do not operate with faulty leads or equipment. Ensure equipment is tested/tagged for compliance with electrical safety testing requirements. Use only heavy duty 15amp extension leads. Do not overload the unit by attempting to power an appliance beyond the output capabilities of the generator. If the safety switch trips off, disconnect the faulty appliance and have it
Manual handling hazard.	Low	checked.The weight of this unit is 20kgs.Use correct lifting techniques.
Coming into contact with moving parts.	Low	 All moving parts are protected. Do not remove guards or covers.
Customer Identified Hazard(s)		
Key Operating Instructions
